**Day 3: Tuesday, October 28 – Nairobi**  
 After breakfast you will visit to Daphne Sheldrick Elephant Orphanage. This center has played a significant role in Kenya’s conservation efforts. The baby elephants are brought from the national park for a mud-bath at the orphanage, where you can get close to them and sometimes touch them. You may not feed the animals but will get a chance to view the handlers feeding them. The orphanage offers hope for any orphaned baby elephant fortunate enough to be found alive and so far, it is proud to have saved over 150 orphaned infant elephants, which would otherwise have perished. The baby elephants are raised at the orphanage with the intention of gradually reintegrating them into the wild. The age range of the elephants can vary from a few months to three years. Each elephant is assigned to its own keeper, who acts as a surrogate mother and will stay with the elephant until it is released back into the wild. Thereafter, you will visit the renowned Giraffe Centre, where you will be given a rare opportunity to get up close to these gentle giants in this natural sanctuary, which was founded to protect the endangered Rothschild giraffe. Here you may climb to the top of a platform and stand eye to eye with the giraffes and feed them. Enjoy lunch at the Karen Blixen coffee garden and proceed to explore the Karen Blixen Museum for a glimpse into the fascinating world of this pioneer coffee farmer, who achieved world fame through her highly acclaimed memoir, “Out of Africa”. She left Africa after a series of personal tragedies and her lovely colonial house has been preserved as a museum. Set in expansive gardens, the Karen Blixen Museum is an interesting place to wander around. Later you will be transferred to your hotel for an evening of leisure.

The Samburu region is the best place to find several endemic Northern species, including the Gerenuk (twiga gazelle) due to her long neck, the beisa Oryx, the Reticulated Giraffe, the Somali ostrich and Grevy’s Zebra. Samburu is also an ornithological

paradise, home to many birds including local species such as the Palm Nut Vulture and the Vivacious Dove. Leopards are often seen at dusk. The Samburu culture is a truly fascinating one, sharing a great deal of ancestral and linguistic ties to the Maasai.
